CRASH STOPS OCEAN FLIGHT

Two Men Leaving Illinois For Sweden Unable to Get Plane Up Quickly

Load Put Aboard For Hop to Stockholm Too Heavy For Machine

Rockford, Ill., July 26.—After a perfect take-off, the monoplane Greater Rockford, piloted by Bert Hassell and Parker Cramer, on the start of a flight to Stockholm, Sweden, turned south from the air field toward Rockford, circled around and headed west. Twenty-six minutes later the plane was forced down on the opposite side of the Rock River from the air field.

DID NOT CLEAR HILLS.
Pilot Cramer said the plane had refused to rise high enough to clear the hills. While crossing the Rock River, he said, the air became foggy and although they tried to force the big Stinson monoplane higher, the load proved too heavy for it.

Neither pilot was injured in the forced landing, but the plane was badly damaged. Cramer said he thought one wing was cracked.

ITALIA SHIP UNDER GUARD

Armed Man on Wharf in Norway When Arctic Survivors Land on Way Home

Oslo, Norway, July 26.—A seaman with a rifle and fixed bayonet was placed on guard at the gangplank of the Clitta Di Milano to-day when the steamer docked at Narvik, Northern Norway, with the survivors of the lost North Pole dirigible Italia. Onlookers at the wharf saw this move with astonishment.

When the ship arrived at Narvik early this morning comparatively few people were on hand, although many had waited for it until last night. When the mooring lines were thrown ashore, no assistance was forthcoming in fastening them and one of the crew of the Italian ship had to do it.

NO OFFICIALS AT WHARF
No Norwegian authorities were present on the quay. A representative of the Italian Legation at Stockholm greeted the survivors and three Swedes who had taken part in the sledge expedition in search of the missing Amundsen party six years ago.

The spectators saw through a port.

HOT WEATHER CHANGING NOW

Mercury Climbed to 90 Degrees Yesterday; Beginning to Drop

The heat spell, which culminated in the mercury rising to 90 degrees at about 2 o'clock yesterday afternoon, is practically over, states Napier Denison of the Meteorological Observatory. To-day at noon the temperature was only 72, against yesterday's 79 degrees. Although he expected it to rise a little later in the afternoon, he did not think it would reach 80 degrees.

A cool southerly wind is blowing in from the Straits of Juan de Fuca and the heat is expected to be diminished by it. In the interior the mercury may continue to rise for a short time but it should drop either to-night or tomorrow, he said.

Humidity has increased and the fire hazard has been diminished to a considerable extent.

The temperature chart for the morning rose only 10 degrees, from 5 a.m.

TWIGG, SHELLEY, MAITLAND LEAD CABINET RACE

Tolmie Finds Sharp Competition For Posts at Mainland Conferences

Maitland's Appointment as A.G. Brings Strong Opposition in Vancouver

With Hon. S. F. Tolmie, Premier-designate of British Columbia, besieged in Vancouver yesterday and to-day by deputations anxious to help him mould his Cabinet, the composition of that body is more uncertain now than ever.

Latest developments in the battle for places in the inner Conservative circle are a strong campaign to prevent the appointment of R. L. Maitland of Vancouver as Attorney-General; the demand of W. C. Shelly of Vancouver for the Finance portfolio, and a move to confer the Attorney-Generalship on H. D. Twigg of Victoria.

Mr. Maitland's place in the Cabinet, regarded as certain immediately after the election, has become doubtful as a result of the hostility of a strong wing of the Conservative Party in Vancouver. This group is not satisfied that Mr. Maitland is strong enough to handle the post of Attorney-General, which carries with it some of the most difficult work of the entire administration.

POOLEY NOT EAGER
R. H. Pooley of Esquimalt can have the Attorney-Generalship if he wants it, on account of his long services to the party, but so far he has disclaimed any desire for it. Mr. Pooley wants to be Speaker of the Legislature, and if he does not change his mind he will preside over the next session of the Assembly. This leaves the choice between Mr. Maitland and Mr. Twigg, both of whom are opposed by influential Conservatives.

Chief of Chicago's Police Finds His Job Too Hard and Quits

Chicago, July 26.—Michael "Go-Get-'em" Scott, chief of police, named by Mayor W. H. Thompson as commissioner of police, with instructions to run the crooks out of Chicago in ninety days, has quit his job. Hughes to-day confirmed the report of his resignation.

YOUNG ATHLETE SAVES LIFE

Plunges From Deck of Japanese Freighter to Rescue Longshoreman

The life of a longshoreman working at "Ogden Point" was saved to-day by the courageous act of Arthur Speed, 237 Kingston Street, young carman of the James Bay Athletic Association. The young athlete, fully clothed, plunged forty feet from the deck of the Japanese freighter Meiju Maru to rescue the workman.

Both of the men were working on the vessel, the man who fell overboard being one of the alignment men. Mr. Speed was working as checker. As soon as he saw the longshoreman in the water he dived to his help without waiting to divest himself of boots or clothes. The man in the water was almost drowned by the time his rescuer swam to him.

EAST SIDE, WEST SIDE
The persuasive eloquence of Mr. McMicken was effective. Mayor Walker and his party motored to Edmonds after a strenuous day in Seattle, boarded the Edmonds-Victoria ferry and arrived in Victoria at 10 o'clock to the minute. William H. Egan, stationmaster of the Pennsylvania Station, New York, and Mrs. Egan and W. T. Seaman, one of the principals of Seaman Brothers, wholesale merchants of New York, completed the New York party.

Mr. and Mrs. McMicken and Capt. Howard Payne, manager of the Edmonds-Victoria Ferry Company, were hosts to the visitors. To mark the occasion, Station KCMO broadcast from Seattle a new version of "East Side, West Side, Streets of New York" as one of the dance numbers included in the radio programme enjoyed on the trip over. "We had a most enjoyable trip over," said the New Yorkers as they arrived in Victoria.

The gladiators will enter the ring at 6 o'clock, Victoria time. The fight is scheduled to go fifteen three-minute rounds, with a one-minute interval between each. The fight, provided there is no knockout, will end inside an hour.

The Times extra giving a detailed account, round by round, with a graphic description of the crowd, the highlights and exciting moments, will be on the streets soon after the fight ends.

150 Men Fight Big Forest Fire In Washington

Port Angeles, Wash., July 26.—The Crescent Logging Company at Twin, twenty-five miles west of Port Angeles, to-day reported a raging forest fire was burning 400 rods of its camp and a few hundred yards of green timber. One hundred and fifty men were struggling to hold the blaze, which had been burning in cut-over land. Women and children had been sent to town, it was said.

Russian Icebreaker Stands By German Passenger Vessel in Distress at Spitzbergen

Oslo, July 26.—Having struck a rock in Bell Sound, Spitzbergen, the German motorship Monte Cervantes, with 150 passengers aboard, was stated in wireless messages to be in no immediate danger to-day. Standing by was the Russian icebreaker Krassin, which rushed to the aid of the Monte Cervantes yesterday when SOS calls were sent out by the German vessel. The Krassin was about to go to Norway for repairs to damages received in battering its way through the ice floes to rescue seven survivors of the lost North Pole dirigible Italia when the appeal for aid was broadcast. The Monte Cervantes was on a tour of the Spitzbergen region when it struck the rock. Water entered two of its bulkheads. These were being pumped out to-day.

EXAMINED BY DIVER
A diver from the Krassin was lowered into the Arctic waters to examine the damage to the German vessel. It is probable the Krassin will stand by for two days.

Canadian Labor Leaders Approve Heenan's Warning to Artisans in Britain

Ottawa, July 26.—In a statement bearing the signatures of Tom Moore, president, and P. M. Draper, secretary-treasurer, the Trades and Labor Congress of Canada endorses the views expressed recently with regard to immigration by Hon. Peter Heenan, Minister of Labor.

The statement follows: "In exposing the true situation respecting immigration to Canada, the Minister of Labor, Hon. Peter Heenan, has done a service not only to the people of this country but to the intending emigrants themselves. Too long has the Canadian Government remained silent and allowed misleading propaganda as to opportunities for employment in Canada to be carried on without any official contradiction, and especially does this apply to the opportunities supposed to exist for miners to develop our mineral resources."

Mr. Justice Murphy of British Columbia Supreme Court Will Not Rule on Question of Constitutionality of Measure, Raised by Chinese Potato Growers, Till Minister of Justice Is Heard From; Case Expected to Be Carried to Privy Council in London

Vancouver, July 26.—Not until the Minister of Justice of Canada has been given an opportunity to be heard will Mr. Justice Murphy consider the constitutionality of the Produce Marketing Act of British Columbia, which question has been raised in appeals of nine Delta Chinese farmers.

"This is a very important matter," said Mr. Justice Murphy, in court here to-day. He added that in all likelihood the case would be appealed to the Judicial Committee of the Privy Council in London.

H. S. Wood is counsel for the Chinese. R. L. Reid, K.C., is appearing for the Mainland Potato Committee of Direction, and J. W. de B. Farris, K.C., for the Attorney-General of British Columbia.

Mr. Wood contended the conviction of Chung Chuck, the leading one of the nine cases, should be quashed because Magistrate Harry G. Johnstone of New Westminster, had no jurisdiction. The question involved is the power of the Committee of Direction set up under provincial legislation to control the marketing of potatoes, for which there is a system of permits.

SAANICH WOMAN NEARLY DROWNED

Mrs. J. Jamieson in Jubilee After Narrow Escape at Cordova Bay

Mrs. J. Jamieson, of 450 Walter Avenue, Saanich, is lying in the Jubilee Hospital after a narrowly averted tragedy at Cordova Bay this morning. While bathing near the Little Arctic Pavilion at 11.45 a.m., Mrs. Jamieson was apparently seized with cramp and was in danger of drowning.

Her son, William, aged fourteen, and Thomas Gibbs of 1192 Yates Street, saw the danger and rushed to her assistance and managed to bring her out of the water with much difficulty.

In the meantime a call had been sent for help and Dr. David Berman, Saanich medical health officer, Deputy Chief Munro, of the Victoria Fire Department; Chief Rankin, of the Saanich Street, and Miss Higgs, a nurse of the Saanich Health Centre, applied artificial respiration and brought the unconscious woman round.

She was removed to the hospital on the doctor's instructions and this afternoon was reported to be making progress towards recovery after the shock and immersion.

EDUCATION BUREAU FOR ALL CANADA IS NOW SUGGESTED

Winnipeg, July 26.—Agitation for the establishment of a Dominion Bureau of Education, which had its inception at a former assembly, was revived in resolution form at to-day's session of the annual convention of the Canadian Teachers' Federation here. The resolution was introduced just before the noon adjournment and discussion was deferred until this afternoon.

The objects of the bureau would be to bring about uniformity in the standards of the teaching profession, the creation of a federal teachers' registry, centralization of educational policies, and stimulation of research work under government supervision.

Another resolution, upon which action was deferred, asks the National Research Council to set aside a certain sum of the annual grant for the study of educational psychology.

A resolution advocating that steps be taken by the departments of education of the various provinces to limit the number of students attending normal schools to the needs of the provinces was passed back to the resolutions committee to be redrafted.

WET OR DRY, UNITED STATES ELECTION ISSUE

Revision of Constitution Will
Follow Democrat Success,
Says New York Mayor

A wet or dry United States will loom as the prominent issue in the United States presidential campaign Mayor "Jimmy" Walker of New York, Democratic leader in the U.S. Senate in 1920 and for sixteen years Democrat member of the New York State Legislature, said in a frank expression of opinion on his arrival in Victoria last night.

Mayor Walker arrived in Victoria at 10 o'clock from Seattle in the course of his visit to the Pacific Coast on the heels of a strenuous time at the Democratic convention. United States visitors besieged him in the lobby of the Empress Hotel with invitations to be their guest during his stay in Victoria. Telegrams and letters which have followed him since he left New York were awaiting him this morning. Although his trip to Victoria was off the planned schedule his evident, popularly prevented him from obtaining the relaxation and rest he emphasized he was seeking.

SAYS BOTH ARE WET
"Both parties are really wet," said Mayor Walker. "As a matter of political expediency the Republican party is dry. But they are not really dry. They are not dry in their own homes. One party is dry by politics. Neither party is dry by proclivity."

The New York mayor made no confident forecast of victory for his party when questioned on the outcome of the election. Neither was he pessimistic. "We can earnestly hope for a victory for the Democrats," he commented. "If the Democrats win," he said, "they will undoubtedly call for a revision of the constitution as regards the Volstead Act."

Questioned for further details, he said that this would mean for a revision of what should be the alcoholic contents of "a drink."

"No, it would not apply only to light wines and beers," he said. "When you set what the contents should be you can include anything that it provides for."

Pleading the lateness of the hour and emphasizing that he was seeking rest, the mayor asked to be excused from plunging into a general dissertation on United States politics. "I am more interested in municipal affairs, development and growth than

SCHEME DIED AS PUBLIC LAUGHED

Ald. Woodward's Gift to
Prince Plan "Pressed to
Death"

Woodward, a member of the Vancouver Island, advanced by Alderman E. S. Woodward last year, was "pressed to death before its birth." G. A. Cheeks of Cobble Hill yesterday informed the Qualicum Beach convention of the Associated Boards of Trade of Vancouver Island.

Mr. Cheeks recalled that Alderman Woodward had won the support of the 1927 convention at Cobble Hill to a plan whereby wealthy residents of Vancouver Island were to be invited to finance the purchase of Pronghorn Ranch, at an approximate cost of \$50,000, the underwriters to be later reimbursed from the proceeds of a public campaign.

Alderman Woodward had stressed the necessity of a ban on publicity in early stages, Mr. Cheeks recalled, but premature publicity had pressed the plan to death before its birth.

After consultation with Alderman Woodward plans for financing had been abandoned by Mr. Cheeks, the convention was assured.

Judgment Giving New Trial Appealed

Regina, July 26.—Notice of appeal has been served by Senator Jacques Bureau against the judgment of the Saskatchewan Court of Appeal ordering a new trial after a jury had given him \$1,500 damages in his \$16,000 slander action against Milton Campbell, M.P. for Mackenzie, Sask., and W. J. Smith, his agent. The appeal will be heard at the next session of the Supreme Court of Canada in Ottawa.

The original action followed statements alleged to have been made by Smith and supported by Campbell at a political meeting held at Quill Lake in the Federal general election campaign of 1926.

BEDTIME STORY

Copyright, 1928, by McClure Newspaper Syndicate
(By Howard R. Garis)

Nurse Jane Fussy Wussy, with Mrs. Longears and all the little bunny children, including Baby Bunty, had gone on a picnic to the woods. They had asked Uncle Wiggily to go along, but the rabbit gentleman said:

"Thank you, kindly, but I am going to make a book with a lot of puzzles in it and I haven't time to go on a picnic."

"Are you going to put in your puzzle book the answer to the wrong picture you made at the party last night?" asked Tangle.

"Of course, I am," answered Mr. Longears. "The mistake in the picture I made last night was that there was no reflection of the animal lady's face in the looking glass, in front of which she stood. There should have been an image seen in the glass."

"Oh, why didn't I guess that?" said Tangle, who loved to do puzzles.

So there all the family, except Uncle Wiggily, hopped off to the picnic in the woods, leaving the rabbit gentleman behind. Not that he minded.

"For," he said, "when I get hungry I shall eat some jam tarts."

He had seen his wife making jam tarts to take along on the picnic. And some of the tarts must be left over, Mr. Longears thought. They would be in the pantry, he was sure.

So he worked on his puzzle book for a while after all the others had hopped away and then, feeling hungry, he went to the kitchen of the hollow stump bungalow.

Uncle Wiggily looked in the ice-box, in the bread-box, in the cake pantry and behind the piano for jam tarts, but found none.

"Those hungry bunnies must have taken to the picnic every jam tart my wife baked!" chuckled Mr. Longears. "Well," he said, with another laugh, "I'll have to make some jam tarts of my own."

It was well that Uncle Wiggily could laugh, and it was well he was jolly enough to make his own tarts. Some rabbits would just have sat down and cried if they found all the jam tarts gone, wouldn't they?

Uncle Wiggily had often watched

ROTARIANS VIEW WORSTED PLANT

Operation of New Industry Explained By John Moore

The Victoria Rotary Club this afternoon viewed the new Worsted Mills Limited, being shown over the plant by John Moore, managing director. Following the tour, John Moore welcomed the Rotarians and said the venture was long considered. The new spinning mill was no prospect, but the beginning of a great industry, ample business already being assured.

Removal of the Canadian duty on worsted weaving yarns had not seriously affected the prospects of the new mill, only one customer being concerned. Knitting yarns are in great demand, one factory in Vancouver being able to absorb the entire output of the new plant, Winnipeg having a similar demand. "Vancouver can get from me its requirements in fewer hours than it takes days to fill needs from the East," said Mr. Moore.

Much interest had been aroused in the Old Country when it became known that transfer of the business to Victoria was in hand. Bradford millers had all seen success ahead of the venture, Canada being an important consumer.

With a good climate, water and other facilities, Mr. Moore was satisfied that Victoria was the best location he could obtain.

Training operatives would cause no difficulty, he considered, the mill being the third Mr. Moore has successfully established, including a plant in India three times as large, where only ignorant native labor was available, while Victoria offered educated intelligent girls.

Mr. Moore conducted the Rotarians through the mill, explaining the functions of the hundreds of machines.

President Herbert Ansonby congratulated Rev. M. W. J. Bruce upon being re-elected president of the Associated Boards of Trade of Vancouver Island.

MAYOR OF NEW YORK LOOKS VICTORIA OVER

(Continued from page 1)

Company, and George I. Warren, Publicity Commissioner, greeted the New York party on their arrival. The New York party was shown over the city by Mrs. Pendray at a supper party at the Empress Hotel.

"I have heard so much about you in Seattle that it is like meeting an old friend," said Mayor Walker to the New York party.

The United States mayor shattered all opinions of what a chief magistrate of the big city might look like. Swinging a cane, wearing a neat fitting suit on his slender frame he looked more like an athlete in the pink of condition than the popular conception of a New York politician.

Today Mayor Walker and his party plan to motor to Nanaimo and from there to cross to Vancouver. An invitation to land some of the big fish of Vancouver Island waters was courteously declined.

"I am the world's worst fisherman, but the most enthusiastic," he said.

FLEW ONCE
Flying also did not appeal to him strongly at first when a suggestion that he take a trip in the new plane of the Vancouver-Victoria-Seattle run was offered.

"I have been up once," he said, "but I feel I have no business up there and there's no reasonable excuse I could offer if I failed to stay up when I got up. I went up with Noville in Los Angeles on Friday the thirteenth. It was perfectly painless."

After the enthusiastic description by Mayor Pendray of the delights of flying in the Victoria plane Mayor Walker changed his opinion but reluctance on the part of a member of his party decided against the flight. Plans were made for a shopping tour in search of Indian curios and antiques before leaving for Nanaimo to-day.

Mayor Walker and his party are making a swing of the Pacific Coast over the Great Northern in his private car "Roamer." On arrival in Vancouver to-day his car will be switched to the Canadian Pacific Railway main station and leave in the evening for Lake Louise and thence to Chicago and New York.

Los Angeles, San Francisco, Portland and Seattle have been visited. Mayor Walker last night made inquiries regarding the condition of Mayor L. D. Taylor of Vancouver injured by an aeroplane propeller Monday. He plans to see Mayor Taylor in hospital if the Vancouver mayor is able to receive visitors.

MACLEAN GOVERNMENT MUST RETAIN OFFICE NEARLY MONTH MORE

(Continued from page 1)

ELECTION NOT COMPLETE
The election will not be complete until about August 21 and under the Constitution Act the new Government may not be formed until the completion of the election without disqualifying the members of the new Government from election.

If members of the new Government were sworn in prior to the completion of the election, the returning officers in the constituencies of each of them would have no alternative under the Constitution Act but to declare their opponents elected. The official count will be held in nearly all the ridings on August 9. With the exception of Victoria and Vancouver, the official count should not take more than a day.

MUST HOLD PAPERS
"After that the returning officer must hold the election papers for a period of ten days and then return the writ of election with his certificate endorsed thereon to the Provincial Secretary. The election will be entirely completed therefore about August 20 or 21, just a few days more than a month after polling day. It may be anticipated therefore that the present Government will resign about that date.

In 1918 the election was held on the 14th day of September. The then Premier, Mr. Bowser, owing to the delay in the completion of the election by reason of the overseas vote was not able to tender his resignation to the Lieutenant-Governor until the 29th day of November, some two and a half months after the date of the election."

ARCHBISHOP TO HAVE PEERAGE

London, July 26.—It is said to be probable King George will confer a temporary peerage on most Rev. Randall Davidson, whose resignation as Archbishop of Canterbury, to take effect November 12 next, was announced last night. This would enable his experience and influence still to be exercised in the House of Lords.

That Most Rev. Cosmo Gordon Lang, Archbishop of York, will succeed Dr. Davidson as Archbishop of Canterbury is the general belief.

DISESTABLISHMENT QUESTION
There was speculation to-day as to whether the resignation of Archbishop Davidson would hasten disestablishment of the Church of England. A group, mostly composed of Anglican Catholics, believes the church would have a new lease of life if it should stand on its feet.

Disestablishment, however, would be a revolutionary step. It could not be made without much deliberation, for it would bring many changes in both the ecclesiastical and national constitutions.

KNIGHTHOOD GIVEN

It is not generally remembered that the Archbishop is already a knight of the Victorian Order and would be entitled to be called Sir Randall Davidson if he had gone through with the final ceremony of "receiving" the knighthood from the King. This, however, was not done and when he ceased to be Archbishop of Canterbury he will be without a title unless granted one.

TWIGG, SHELLY, MAITLAND LEAD CABINET RACE

(Continued from page 1)

The possibility that Dr. Tolmie will bring in some outsider like Leon J. Ladner, M.P. for Vancouver South, is being discussed, but as this would involve a by-election, Mr. Ladner, not having been elected to the Legislature, it is hardly likely Dr. Tolmie will bring him in. No by-election fights are anticipated where members-elect of the Legislature are given portfolios.

SHELLY WANTS POST

In Vancouver, where Dr. Tolmie is in secret conference with his supporters to-day, it is thought Mr. Shelly will get the Finance portfolio in preference to T. A. Kirk, who also is a candidate for it. Mr. Shelly's friends are insisting that he shall receive this honor because of his high place on the Vancouver ballot and prominence in business life.

At the same time Conservatives of Delta are adding to Dr. Tolmie's difficulties by demanding that J. W. Berry, member-elect for Delta, be given the portfolio of Agriculture. If Mr. Berry were included it would be almost impossible to appoint N. S. Loughheed of Dewdney, who is slated for the Ministry of Lands, and who is credited with being the real brains behind the whole Conservative Party campaign. Two ministers from the Fraser Valley, with two from Vancouver and possibly two from the Okanagan Valley, would make a lop-sided Cabinet, it is felt.

COMPLICATIONS HERE

In the same way Mr. Twigg's appointment might cause complications on Vancouver Island, as Joshua Hinchliffe undoubtedly expects to be in the Cabinet, while Reginald Hayward's friends insist that his place at the top of the Victoria poll in two elections

should give him the preference for the Victoria Cabinet seat.

Dr. Tolmie will return here to-morrow after his conferences in Vancouver to-day. As the MacLean Government will not retire until about August 21, he will have plenty of time to prepare his Cabinet slate before he is called upon to form a Ministry. Every day, however, appears to be increasing competition for portfolios, and by the time the new Government is formed there will be many disappointed Cabinet candidates.

ITALIA SHIP UNDER GUARD

(Continued from page 1)

hole General Umberto Nobile's dog Titania. As soon as the ship's crew observed this the porthole was closed. The guard was stationed as soon as the gangplank had been put in place. None of the rescued men appeared on deck. Many United States motion picture photographers and foreign and Norwegian journalists gathered on the quay.

The survivors will continue their journey to Italy by train this evening. A carriage will drive up by ship's side to take them straight from the vessel to the station.

MALMGREN INVESTIGATION

Stockholm, July 26.—While no official information has been given out on the subject, it is generally believed in Stockholm the Swedish Government has been in communication with the Italian Government regarding the question of an investigation of the death of Dr. Finn Malmgren, Swedish meteorologist of the lost North Pole dirigible Italia.

Feeling on this subject has been most intense among the Swedish people, and as far as can be determined there appears to be a growing opinion throughout the country that an impartial neutral commission should inquire into the Malmgren death.

The Swedish press has been maintaining a reserved neutral attitude in dealing with the tragedy, despite all sorts of insinuations regarding the Malmgren case made in the foreign press.

URGE TRUTH BE TOLD MIGRANTS

(Continued from page 1)

MINING FIELD

"The Minister's clear declaration that the Labor Department's records show a surplus of coal miners already in Canada should definitely give the queetus to those who seek to exploit the miseries of British miners by seeking to induce them to migrate to Canada only to meet with conditions of unemployment similar to those they leave behind."

"The same can be said of practically every other industrial activity and the Minister of Labor is to be commended for daring to speak the truth when

he says that 'it would be of no benefit to either Canada or the immigrants themselves if artisans should come to our cities from Britain expecting to find jobs at their trades and were left stranded here.'

HARVEST SEASON

"Everyone recognizes the necessity of meeting labor requirements to harvest the grain crop of Canada. Employers can do much to help in this, if they will refrain from demanding the peak number of workers for their respective activities simultaneously with this period and organize their production so there will be greater employment after the harvest season is over."

"A little more organized effort to coordinate the activities of labor already in Canada would be of benefit to all and relieve considerably the aftermath of unemployment, which is not only a disaster for the individual but a serious financial problem for all municipalities during the subsequent several months of Winter and until seasonal occupations again relieve the situation."

SUPPORT URGED

"It is to be sincerely hoped the Minister of Labor will receive the full support of the British Government in his efforts to prevent interested parties from exploiting a temporary situation by flooding Canada with labor for which there is no reasonable opportunity of employment, the ultimate result of which, as the Minister truly says, can only be to impair the prestige of Canada in the eyes of residents of the Mother Country."

"BUILD B.C."

One Week Not Enough

The growth of the industry in British Columbia this past year is an observable feature of this "B.C. Products Week" campaign. The growth has been of two sorts: within the industries and increase in the number and variety of industries. But one week for special attention to the fine manufactured products of this Province is not enough.

Tunney Is a 3-1 Favorite

Heeney Eleven Pounds Heavier Than Champ At Weighing-in Time

Tunney Reaches New York Safely by Air, While Challenger Takes Speed Boat; Heeney Thinks Lot of Boys Will Be Fooled Over Outcome, While the Champion Declares He Is Ready to Defend Title; Much Betting as to How Much Money Rickard Will Lose Over the Scrap

Last-minute statements from the contenders in to-night's heavy-weight fight are: Tunney—"I am ready," Heeney—"A lot of the boys will be fooled."

New York, July 26.—Heeney will have an advantage of 11½ pounds over Tunney to-night.

Weighing in this afternoon at the Yankee Stadium, scene of the battle, Tunney weighed 192 and Heeney 203½.

The champion, bronzed and smiling, was first to step on the scales in one of the dressing rooms of the stadium. He smiled pleasantly and waved to friends in the room as the camera flashes beamed.

Heeney followed and his weight was quickly taken and pictures snapped. As Tunney hurried back to his dressing room he passed Heeney. Both smiled and nodded.

"Hello, Tom," said Tunney, and the challenger came back with a cheery "Hello Gene."

TUNNEY TRAVELED FAST
This was not the first time the champion and the challenger had met at a distance to-day. Shortly after the champion landed in New York by plane he was driven up Riverside Drive to the Yankee stadium. His car suddenly overtook the one in which Heeney was riding to the stadium.

Recognition was immediate and complete. Heeney half rose in his car and shouted: "Cheerio!"

Gene returned the greeting as his auto tore past.

Heeney came to New York in the yacht Phantom, belong to Joseph Holbrook of Red Bank, N.J. The sixty-mile trip from Fairhaven was completed in two hours.

ASSIGNED COLORS
At the weighing in ceremony purple tights were assigned to Tunney, who prefers the royal shade when he cannot have white, such as he wore in his two fights with Dempsey. Heeney will appear in black trunks, trimmed with red.

New York, July 26.—Gene Tunney and his amphibian plane taxi landed on the Hudson River at 1:25 p.m. to-day. The heavy-weight champion left Speculator Fairhaven, N.J., July 26.—"I never felt better in my life," said Tom Heeney to-day.

The challenger was clear-eyed and good-humored after a restful night's sleep. His handlers said he dropped off into a sound sleep a few minutes after he crawled between the sheets. He went to bed at 10 o'clock, as has been his custom, but slept later than usual.

HAD FINE BREAKFAST
He ate heartily at breakfast with Jimmy Hennessy, trainer. The meal consisted of two hard-boiled eggs, fruit, toast and coffee. He intends to eat lightly about 4 o'clock this afternoon and then nap until time to go to the Yankee stadium.

The time of his departure from here for New York was held secret because of a desire to avoid demonstrations. Members of his training party said he would make the trip on the speed boat Crisis.

"I'll have no alibis if I'm beaten," Heeney said.

As to his plan of battle, he has none. He expects to catch on to Tunney's style within two or three rounds. He expects to fight his fight after the seventh round, when he believes Tunney's speed will be gone.

WHO KNOWS?
"Who knows?" he blustered. "Maybe Tunney will be made to order for me from the very first."

New York, July 26.—Lazily, with but little outward show of interest, New York turned to-day to the first heavy-weight championship match within its boundaries in five years.

So few were the wagers recorded on the match that it was difficult to determine the exact odds. Greater by far was the wagering on the size of the gate and the probable amount Rickard seemed destined to lose. Tunney ranks a 3-1 favorite.

Many predicted the bout would not draw over \$700,000, but Rickard stood firm that \$1,000,000 would be taken in. To get out of the "red" he will require \$1,200,000.

Announcement that Jack Dempsey would second Heeney revived some interest in the fight, but it is quite likely that Dempsey will receive a bigger hand from the crowd to-night than from the principals.

Auckland, New Zealand, July 26.—The parents of Tom Heeney, who fights Gene Tunney to-night, are so besieged with callers that they are protesting: "We are not used to it all and want to be quietly left alone."

If the old people had their way they would remain at home until they received the result of the fight, but they are going to listen to a radio description of the bout "in case Tom speaks." As to the result they know Tom will do his best.

Tillicum Club to Hold 18-Mile Road Race

To make arrangements for the road race from Sidney to Victoria to be held on Labor Day the Tillicum Athletic Club will hold a meeting to-night at the Y.M.C.A. starting at 8 o'clock. The club will appoint a committee this evening to handle the race and any runners interested in the race are asked to attend. Runners from Seattle and Vancouver will be invited to attend. The distance is about eighteen miles.

GREAT CLASH EXPECTED FOR SOCCER TITLE

New Westminster Royals Meet Montreal in Finals For Canadian Crown

Royals Outclass Winnipeg Eleven in Finals For Western Laurels

Winnipeg, July 26.—Winnipeg will be the centre for Dominion football fans on Saturday and Monday when the Montreal Canadian Nationals and the Royals, of New Westminster, meet here in the championship play-off for the Canadian title.

Playing here last night the Royals defeated Winnipeg Westbrooks 2 to 0 to take the Western title series by 9 goals to 1, while the Nationals, at Port William, gained a whitewash victory over the Canadian Legion, New Ontario champions, 6 to 0, winning the two-game eastern qualifying round for the Dominion finals by a score of 12 to 2.

BRILLIANT SERIES
The Dominion championship series, which opens here on Saturday afternoon at 3 o'clock, should be one of the best in years, as both eastern and western representatives present brilliant aggregations.

Last night Westbrooks made a much better showing than in the first game, but there was no doubt as to which was the better team.

The Manitoba team opened strong. Roots, who took the place of Ball in goal, was called upon in the first few minutes, but at no stage of the game did the centre line of the Royals.

Three changes were made on the Royals' attacking lines and it did not work as smoothly as in the first game. Smith, who acted as pivot, got the opening goal at the end of seventeen minutes but the ball should have been saved.

A slow shot hit the inside of the upright and it bounced into the net for the only goal of the first half.

The exchanges throughout favored Westminster, they displayed a wonderful knowledge of positional play and a ball flicked to the wing of the Royals in a good position to receive it.

TOOK THINGS EASY
The first half was mostly Westminster's and they were inclined after the first goal to rest on their oars. Westbrooks had a little more of the second half exchanges, but by no means their share. The young forwards could not muster the work on the international line of the Royals.

They could get a mid-field movement commenced, but they came to grief immediately they came to grips with the halves.

It took Westminster thirty-five minutes to score the second and final goal of the series. Stobart, who had figured in many raids on the Westbrooks' goal, broke into a good scoring position, dashed his way past several of his opponents, and scored with a left foot shot along the ground. He gave Bogden no chance of saving.

The balance of the game was greatly in favor of Westminster. Twice their defence slipped up, through carelessness, and when Hutchinson was presented with a wide open goal to shoot at, it appeared as if they were about to pay dearly for their folly. But the right half, who had been out for a few minutes, and a few minutes later Jack made a good but unsuccessful attempt to break down the Westminster defence.

OUTCLASSED
The dry condition of the playing pitch appeared to suit the Manitoba team. The Royals were presented with a wide open goal to shoot at, it appeared as if they were about to pay dearly for their folly. But the right half, who had been out for a few minutes, and a few minutes later Jack made a good but unsuccessful attempt to break down the Westminster defence.

To pull the game out of the fire in the last inning the Capitals felt one run short and had to admit defeat in the evening game.

RALLY FELL SHORT
When the local club went to bat in the last of the seventh they were on the short end of an 8-4 score. After scoring three runs and with two men still on the sacks they failed to get another hit and the visitors copped the game.

Nelson, who occupied the mound for the visitors, pitched a good game he drove in three of their runs in the first inning when, with two men on the sacks, he drove the ball over the centre field fence.

Nelson allowed six hits and struck out nine. He got into several tight holes but always managed to pull himself out without any damage. Curtis started for the Caps but was relieved in the seventh by Lidstone. The former was mowed for nine hits and breezed two.

John Bailey First
Vancouver, July 26.—John L. Bailey, star of the Vancouver Amateur Swimming Club, won the swimming race across Burrard Inlet yesterday, for the Leo Marple trophy. Fifty-two contestants took part. His time was 1:18.45. Percy Norman was second and Paul Johansson third.

DETROIT FIND ROAD THROUGH YANKS' ARMOR

Tigers Get World's Champs Off Train and Hand Them Two Defeats

Philadelphia Win Pair; Now Nine Games Behind; Cards in Trouble

The Detroit Tigers seem to have solved the problem. The only time to go stalking for Yankees scalps is at the precise moment the young men of Miller Huggins emerge from a railway station. With everybody in the American League, save only Jacob Ruppert, vainly seeking for a means to halt the Yankees' onslaught, the Tigers have found the way to the more convincing by rolling the champions of the world in the dust of Naven field twice in the same afternoon. The Slopes of the Tigers henceforth will be: "Make the Yankees travel and the league will take care of itself."

The Tigers won the first game of a double-header yesterday by 3-2. With this task accomplished so neatly the home boys became bolder in the second game, which they snatched from the leaders by 10-7.

NINE GAMES BEHIND
While these unbelievable events were taking place in Detroit, the Philadelphia Athletics were winning two from the Chicago White Sox and by this act cut two games from the lead of the Yanks. By nine games behind the champs.

The Athletics took the opener yesterday by the disgraced score of 16 to 0, but were more polite in the second game, taking it by a score of 8 to 7. The Cleveland Indians won two games from the Boston Red Sox, 10 to 2 and 15 to 5.

The Browns' noble third placers, removed two contests from the possession of the Washington Senators, one by 12 to 8 and another by 6 to 5 in twelve innings.

WANTS GIANTS ON TOP
Still unconvinced that the Giants are going to land anywhere but on top, John J. McGraw once more put down the Pirates 6 to 5. Home runs by Fred Lindstrom and "Shanty" Hogan accounted for four runs.

The St. Louis Cards kicked a pile of eight unearned runs into the ample lap of Big Jim Elliott in the fourth round, with Brooklyn. Jim showed his appreciation by winning 5 to 0.

The leading St. Louisians lost no ground to the runner up Chicago Cubs, who succeeded in dropping one to the Boston Braves, 3 to 1, in spite of Hack Wilson's scintillating home.

Cincinnati dashed off with the first game in Philadelphia 16 to 5, only to get the furious Phillies rise from their graves long enough to take the second, 7 to 6.

Yesterday's results were:

DEATH IS UNEXPLAINED

Vancouver, July 26.—There is no evidence to show how or where Raymond Stirling, Jackson Avenue, came to his death, a coroner's jury declared when it returned an open verdict yesterday. Stirling, his skull fractured, was picked up by a taxi driver in the 400 block of Keeler Street at 12:30 a.m. Monday, and died three hours later in a hospital.

CHANNEL SWIM ATTEMPT FAILS

Mercedes Gleitze Unable to Complete Journey From Ireland to Scotland

Port Patrick, Scotland, July 26.—Miss Mercedes Gleitze, London typist, abandoned her attempt to swim the Irish Channel between Donaghadee, Ireland, and Port Patrick at 5 o'clock this afternoon. The girl gave up the twenty-two-mile swim when, about twelve miles off the Irish coast, the coldness of the water caused her to cease the effort after swimming slightly more than fourteen hours.

Miss Gleitze several weeks ago made an effort to swim the Irish Channel, but was forced to give up because of adverse currents.

NEWS IN BRIEF

The regular monthly meeting of the Port Canada Excelsior No. 1 will be held at 7:30 o'clock.

The city fire department were called out at 1:30 o'clock this afternoon to assist in the removal of a car from a collision on the street.

Planning for a banquet to be given for the prisoners of war, who are being held in the city, is being held at the Victoria High School on Friday evening next. The banquet will be held at 8 o'clock. All members are requested to attend and a special invitation is extended to all disabled ex-service men.

About eight hundred people enjoyed the annual dinner of the New Westminster Retail Merchants' Association, held yesterday. The Princess Patricia brought the party to Victoria and left for New Westminster at 4:45 p.m.

At the meeting of the Victoria British-Israel Association in the Board of Trade Building on Monday night, E. E. Richards spoke on the significance of the recent conference of the leaders of the Zionist movement at the home of Lord Melchett (Sir Alfred Mond) in England.

Building permits were issued this morning at the City Hall for construction of two new residences. O. Edmonds will build a two-story shingled frame residence at 115 Moss Street at a cost of \$6,500, and J. A. Dawson is constructing a five-room frame stucco bungalow at 999 Madison Street at a cost of \$2,800.

In order to familiarize the general public with recent developments in the manufacture and production of trucks for military purposes, four War Office motion pictures of some of the trials of these vehicles will be shown at No. 1 Hut, Work Point Barracks, Esquimalt on Monday, July 30, at 8:30 o'clock. These trucks have completed their military trials and are now being manufactured in England both for military and commercial purposes.

In order that fight fans throughout the city may have an opportunity to hear the blow-by-blow broadcast of the championship boxing match without interference, C. Deville of the Victoria Broadcasting Association, has decided to take C.P.T. off the air until the fight is over. The market quotations will be given after the conclusion of the bout.

NEW SCHEDULE FOR AIR LNER IS ANNOUNCED

B.C. Airways Ltd. Will Give Fast Four-Trip Service to Mainland Daily

Plane Flies to Seattle With Victoria Party This Afternoon

The regular air service out of Victoria by the B.C. Airways Ltd. passenger plane will commence on Monday, July 30, according to a decision reached last night at a meeting of the board of directors of the company. Ernest Eve, president of the pioneer aviation company, made the announcement this morning.

"We will hold to our first decision," he said, "and will make four trips daily out of Victoria to the mainland." Starting at 8:15 o'clock, the giant monoplane will take off from this airport for Seattle, arriving there at approximately 9:15 a.m. After a short stop there she will return to Victoria and leave before noon for Vancouver. She will fly back to the Lansdowne Road flying field on Monday night.

This schedule will be repeated in the afternoon, thus giving Victorians a four-trip service to Mainland points daily, and faster transportation than has ever before been developed.

This afternoon, with a party of Victorians aboard, the big Ford plane flew across Puget Sound to attend the opening of the Vancouver Exhibition. The plane, which will be named after the manufacturer of aeroplanes, "Boeing Field," Mayor J. C. Pendray and Mrs. Pendray will be among the passengers.

GARAGES HAVE NO RIGHT TO SEIZE CURBS

Public Rights on Streets to Be Upheld By Police

Encroachment on the rights of the public to park at street curbs must be stopped forthwith, Police Commissioner W. E. Stenland this morning stated.

"Drive in gasoline stations and motor agencies, with permits from the city engineer to replace great stretches of curb with flush cement construction, apparently consider that the permit gives them the right to exclude the motoring public from parking privileges. No such pre-emption of valuable public rights is conveyed," said Commissioner Stenland.

"To limit privilege to a few select areas of these flushed curbs with red paint to indicate prohibition of parking, and the motoring public will have full police protection in parking at all other points permissible under the parking by-laws.

"There are areas of more than two hundred feet of curb business front of garages and service stations. I have myself been warned away from parking in such locations, and the matter has become a public nuisance," said Commissioner Stenland. "The public is entitled to the valuable right to use the streets freely in accordance with the parking by-laws, and that right will be maintained by the police, he announced.

Flying Becomes Habit With Mayor And Mrs. Pendray

In Seattle Vancouver and Victoria, Mayor J. C. Pendray and Mrs. Pendray are becoming known as the flying mayor and mayoress of the Pacific Coast. Already well known in Seattle, Mayor Pendray was placed on the front page of sound city newspapers with the flying mayors on the first trip of the B.C. Airways plane to Victoria. Again Monday with Mrs. Pendray he was flying to Vancouver and again to-day Mayor and Mrs. Pendray fly to Seattle and back in the B. Airways monoplane. The mayor has taken five trips in all and is a staunch supporter of the speedy method of travel.

Supervisory Displays and Attractions to Be Offered at Vancouver

"Ten Great Days" is the slogan of the Canadian Pacific Exhibition which will be held at Hastings Park, Vancouver, from August 8 to 18, and according to reports made by the chairman of the thirty-six sections of the big fair, the title will be more than justified.

With supervisory displays in every department, new buildings arranged for several of the departments, a great attractions programme of entertainment, and a magnificent new permanent sidewalk, costing a quarter of a million dollars, the Vancouver Exhibition Association directors and management state their preparedness for the verdict of the populace.

Playing "Twelve Concerts, the Royal Air Force Band will be one of the great features. A wonderful Oriental pageant with 555 in the cast will also be presented, while the Kootenay Indians, in all their pristine glory, will be down. The Canadian games, Elks day, whip racing, and a hundred and one things new, will add to the interest, it is stated.

Agriculturally and horticulturally the prize list has been added to by several thousands of dollars, and a record entry is anticipated. Women and children's department, music, and in the basket work, the fine arts, dogs, cats, cage birds, rabbits and honey will be represented.

The forestry display will be a fair in itself, and will be manufacturing and automobile displays.

Four automobiles will also be given away. Mail orders are being received for admission tickets which will entitle purchasers to participate in the draw for the cars.

Entries for all departments will close on July 28.

Vancouver Sought Mayor Walker in Vain

Vancouver, B.C., July 26.—Holiday bent and carefree, Mayor Walker of New York played the "hot" game in the city from Seattle on Thursday morning, plans were later made to receive the Gotham chief executive on Wednesday night. His special car arrived from Seattle empty, however, and it was later found that Mayor Walker had gone direct to Victoria, where he checked in at the Empress Hotel.

PULP AND PAPER EXPANSION SEEN

Will Eventually Be Chief Branch of B.C., Lumbering Manufacturers Told

Substantial investments of new capital in British Columbia last year and others in prospect are commented upon in the annual report of the British Columbia division of the Canadian Manufacturers' Association, a copy of which has been received by the Victoria Chamber of Commerce.

The pulp and paper industry will eventually be the chief branch of lumbering in the Province the report forecasts.

In mining especially and to only a slight degree in lumbering and its subsidiary industries, and in war development, there has been during the last year quite marked development. It is only a matter of time, the report continues, when the development of the forest will form the basis of many additional new industries in the Province.

"Directly complimentary to such development will follow the utilization of the water powers of the Province. Fortunately our Government is keeping closely in touch with this development and it is to be depended upon to believe to administer these wisely from the standpoint of the general public as well as from that of the investor," the report says.

CITY MAY BUY COAL DIRECT

School Board to Decide Fuel Purchasing Policy To-night

Whether the school board will pool its coal purchase requirements with the other city departments or will call for new tenders from the coal dealers of the city will be decided this evening, when the finance committee of the board will report upon the advantages and disadvantages of slowload purchases from the mines.

At the last meeting of the school board all tenders were considered too high and were referred to the finance committee for report.

An offer has since been received from the City Council to combine its needs with those of the school board and undertake, through the works department, distribution of coal landed at the city dock, from scows brought direct from the mines. Several thousand dollars would be saved the city, it is believed, by direct dealing with the mines.

The tenders received by the school board from city dealers in fuel all quoted prices in advance of those in effect last year, and it is understood that the finance committee will recommend rejection of all bids.

ASSAULT CASES ARE DISMISSED

No Further Action in Charges Against Constable Strange and C. McRae

Assault charges against Constable Samuel Strange and Christopher McRae, laid by Walter Harbord following a recent political meeting at the Royal Victoria Theatre, and a counter charge against Walter Harbord by Samuel Strange, were dismissed in the City Police Court this morning when Mr. Harbord failed to put in an appearance. Magistrate Jay in dismissing the cases, stated they had already been adjourned five times and Mr. Harbord was fully aware the action must proceed to-day.

If not able to attend himself should have been represented by counsel. Strange, stated he was ready to proceed, and, as the informant was not present, he would ask for a dismissal.

Winnipeg, July 26.—Wheat: Wheat prices declined about two cents during the first hour with general selling coming in through commission houses based on the cables which came sharply lower than due. On the break the market ran into fair buying for foreign account and prices reacted about one cent. Later offerings became very scarce and at the same time Chicago interests were steady buyers of our October against sales Chicago September and combined with some short covering, the market took on a strong tone, prices advancing another two cents and getting more than 1% higher. The last night's close, October being the strong month. Two thirds of to-day's business was said to be spreading. The cash market was very dull, but there was no export business worked over night.

Offerings were not pressed and spreads were about unchanged except No. 2 Northern which was one cent lower. Further showings were received in Manitoba but there was very little precipitation in Saskatchewan or Alberta. Temperatures were generally cooler, general conditions being ideal for filling. Sanford Evans statistical review of the crop reported this morning stated that crop prospects in Western Canada continue particularly bright with yields promising to be larger than last year when the crop was a very large one. About 60% of wheat is in blossom with odd fields in the milk stage. Rye has had very little headway as the weather has not been favorable for its development. There is sufficient moisture in practically every district to carry the crop through to maturity.

Export business the past twenty-four hours around one million bushels. The United States Spring wheat crop has improved greatly the past few weeks and will now probably be as large as last year. The Italian Government estimated their wheat crop at 40,000,000 bushels larger than a year ago. The market may hold firm for next week but do not believe the bulge will be more than temporary. Winnipeg futures closed 1% higher or at the top.

Coarse grains—Oats very quiet with the late month crop being unchanged. In the deferred futures there was short covering in sympathy with the strength in other grains. There was a good business passing in rye with a fair export business confirmed. There was also a moderate export business in barley and New York interests were buying to-day. Oats closed 1 to 1 1/2 higher, barley 1 to 1 1/2 higher and rye 2 1/2 to 3 higher.

Flax—Crushers were showing considerably more interest to-day and were fair buyers at times. The market in Duluth was also a factor. Offerings were scarce. Closing prices 5 cents higher.

WHITNEY LETTER

(By Branson, Brown & Co., Ltd. Leased Wire)

New York, July 26.—Whitney of Wall Street Financial Bureau, says to-day:

"To the extent that yesterday's market resulted in practically the same type of performance which was witnessed Tuesday, and considering the net result is an advance despite the selling in the last twenty minutes which carried prices down on the best figures of the day, the performance is well within the bounds of the expectations voiced here and eminently satisfactory from the standpoint of those who, like myself, do not subscribe to the theory that the market is going lower. As a matter of fact at yesterday's close the market was established at a point which has been exceeded on only two occasions, since the bottom of the reaction was witnessed in June. I do not believe that trading, despite the fact that another brokers' loan statement will be released after the close, the market will differ in any respect from those markets which we have witnessed in the first three days of this week.

The short interest and in many places it is a decidedly unwieldy one, is worrying more about the strength of the slow creeping advance and what they are going to do if the market falls to the level of the reaction, than they are about the market in issues with demonstrated earning power sufficient to justify all that they have paid and are paying for stocks. In the event that the market either to-day or tomorrow demonstrates its ability to recapture the previous top since the June reaction, which is only a point and fraction away from yesterday's close, there will be a lively scramble for shorts to cover.

"In line with the policy of bringing market leaders and secondary leaders, which have been inclined to lag into line, I look for advances to-day in 150 and in American Smelting and refining which will engage in a movement to discount the oft-quoted split-up in the stock, which is advised will result in the present stock receiving a total cash distribution after the split up of \$12 a share.

"General Motors continues to make progress and should have little difficulty in crossing 190 to-day below which point purchase of the stock continues to be recommended.

"I expect this morning's three days has accomplished about as much as could be expected of it in that period of time, and like Kroger, should now be purchased whenever it is reactionary. Another stock dividend is in the making for Otis Elevator with current buying coming from those who look for a new high record in the stock. The dividend is declared. Remember to get long of St. Paul Preferred while it is available below 50 and International Combustion below 50.

More Control For Investment Trusts Urged

New York, July 26.—George V. McLaughlin, former New York State banking superintendent, recommends that investment trusts be put under Federal instead of State control. Mr. McLaughlin says the new law of the business.

Wall Street To-day

(By B.C. Bond Corporation's Leased Wire)

New York, July 26.—The evening edition of The Wall Street Journal says: Tendency of many traders to-day was to await the weekly Federal reserve statements and the report on brokers' loans. As a result the market was slow, but the tone of active stocks was quite firm. Rumors that the Federal reserve discount rate would be immediately increased as a result of the higher bank acceptance rates were quite widely spread about, but were not generally given credence.

At any rate, little selling was inspired by these reports, and the market proceeded into the afternoon quietly, firm and even just before the close there was not the usual amount of selling apparently from traders who are simply operating in a small way from day to day. If there was any such selling it was well taken.

The call rate was 5 1/2 per cent all day. It was reported that money was in plentiful supply at that rate. Time money, however, remained very firm at 6 per cent. In some cases, after having attributed to the relatively large supply of call money to lending by corporations who find themselves in a position where they have funds beyond their corporate needs, and are therefore employing them temporarily in the call money market. All in all, there was practically no change in the character of the market from preceding days.

The New York Federal reserve discount rate remains unchanged at 5 per cent.

Brokers' loans for the week decreased \$10,496,000.

NEW MOTORSHIP WELCOMED TO DAY

Seattle Receives Namesake; Is Second of New Ships For Coast

Seattle, July 26.—On her maiden voyage from Europe the Hamburg-American Line's new motorship Seattle was welcomed here when it docked at 8:30 o'clock. An elaborate programme has been prepared by the Seattle Chamber of Commerce, German societies and other public officials, while representatives of the Hamburg-American Line have prepared plans whereby these courtesies will be returned.

LUNCHEON ON SHIP
Federal, state and civic officials, the German consul, members of the Chamber of Commerce and others will be guests of the Hamburg-American Line at a luncheon on board the Seattle.

Latest word from the N.Y.K. line says the ship will arrive at Sydney evening twelve hours ahead of schedule. She will not be due until Monday morning. For this port the ship has six passengers, more than 100 tons of freight and a good mail consignment. A valuable shipment of silk will be sent on to Seattle with the vessel.

SHIP WILL BE PIRATE PROOF

Japanese Constructing New Type of Craft For China Coast

A Japanese shipowner operating on the China coast in the area where pirates have been active and have flourished for the past hundreds of years is building a pirate-proof passenger ship. The new vessel, as described in a Tokyo newspaper, would appear to be difficult of capture, though experienced China coast shipmasters and officers here have pertinently asked how the pirates can be separated from other passengers. In many instances, they say, the bandits go aboard as passengers, and kept separate, then they still will have an opportunity to cause some death and damage.

The Japanese builder of the new craft in a recent interview at Swatow, China, said:

"We shall have automatic, movable companionships between the boat-deck and the bridge, and the mere pressing of a button on the bridge will charge the companionships and portions of the bridge house with thousands of volts of electricity. The first pirate who comes into contact with this huge voltage of electric current will have no time to think out just what has happened to him."

"The bridge and the engine room are the two most vital spots on the ship. The former will be automatically closed the moment the ship is under way and the engineers and their assistants will have to come up to the boat deck first and then descend to the main deck by a circuitous route. This is a bit of inconvenience to them, we know, but the present system of ingress and egress is such that the engine room is within easy reach of the pirates."

"Nor have we forgotten the safety of the saloon passengers. As I have already said, we shall introduce a system of automatic, movable companionships and this feature, coupled with automatic doors, will completely isolate the saloon from the rest of the ship."

"When this new vessel of ours is in operation, we shall probably issue invitations to the directors and shareholders of the Bias Bay Piracy Company to come and travel on her whenever they wish relaxation from their arduous duties."

Movement of Grain Is Shipping Gain Feature

Shipping Gain Feature

A feature of shipping grains in all the main ports of the Province, including Prince Rupert, New Westminster, Vancouver and Victoria, is the justification of new grain elevators at New Westminster, Victoria and Vancouver to take care of the increasing traffic, the annual report of the B.C. division of the Canadian Manufacturers' Association points out.

A copy of the report has just been received by the Victoria Chamber of Commerce.

ELEVATORS BUSY
The elevator placed in commission at Prince Rupert last year and operated under lease by one of the grain pools, has operated steadily, the report says, and the numerous elevators in Vancouver have handled a record quantity of grain this year, approximately 72,000,000 bushels. The latest large elevator in the Victoria area, the property of the Alberta Wheat Pool, which fact promises well for the stability of the westward wheat movement, the report says.

NEW COMMODORE IS WELL KNOWN

Capt. Sir A. Rostron Appointed Commodore of the Cunard Steamship Line

London, July 26.—Captain Sir Arthur Rostron, commander of the Despatch, has been appointed commodore of the Cunard Steamship Line to succeed the late Sir James T. W. Charles, skipper of the Aquitania, who died July 15 at the end of his trip.

Commodore Rostron received the congressional medal of the United States and a signed letter of appreciation from former President William Howard Taft for his rescue work with the Carpathia, of which he was then in charge, at the time of the sinking of the Titanic. He was once also captain of the Mauretania.

After loading lumber at this port the freighter Uranienburg will leave Ogden Point this evening for the West Indies.

The beautiful pleasure yacht Dreamer from the Seattle Yacht Club was a visitor to Victoria yesterday with a party of Seattle people on board. She anchored immediately in front of the Empress Hotel.

LUMBER TRADE IS PICKING UP

So Says Australian Manager of Big Lumber Firm Who Sailed on Niagara

The Australian lumber trade, which has suffered a long period of depression following the imposition of higher duties on foreign lumber will be back to normal by the first of the year, according to R. C. Wilton, Australian manager of the American Trading Company, who sailed from Victoria last evening on the R.M.S. Niagara for his home in Australia.

In line with the resumption of heavy lumber shipments to Australia the American Trading Company which only dispatched one carrier in July will send three of their regular fleet with full lumber cargoes to Australia within the next few weeks, according to Mr. Wilson.

The vessels which are under time charter and which will be allocated to this trade will be the British motor ship, Brynne, at Grays Harbor in late August, and the Norwegian motorship Brynne, at Grays Harbor in late August, and the Norwegian motorship Brynne, at Grays Harbor in late August.

Wilton was met at San Francisco by W. L. Macquarrie, northwestern manager of the Trading Company, the two transacting their business on the way up the coast to Seattle.

The resumption of buying which indicates that the large stocks laid in before the imposition of the new duty have been or rapidly are being absorbed bears out the prophecy made by Mr. Macquarrie several months ago. He said at that time that it was not the duty that was directly responsible for the slump in trade, but rather the abnormal stimulation to the trade induced by fear of the effect of the high tariff. This caused extra-heavy shipments of lumber, with the consequent flooding of the market. Mr. Macquarrie's comment was that as soon as the extra stock was absorbed buying would return to normal as no substitutes could be found for Northwest forest products.

BUTTER

This picture shows the interior of a model dairy barn which holds fifty cows. The barn is light; the floor is of cement, which is kept clean by a hose; the cows are brushed and washed every day and the men wear suits of white duck, which are put on at milking time and kept for that work only. Scrupulous cleanliness is necessary in making butter.

The four cups with tubes attached fit on the udders. A pump, driven by an electric motor or small engine produces a vacuum, first in the front, then in the rear cups. The vacuum draws the milk into the cups from which it runs into the can. The machine saves much time and labor. (To Be Continued)

RUSSELL KER AGENTS' HEAD

Elected President of Fire Insurance Agents' Association Here

Successor Thomas A. Brown, as president of the Victoria District Fire Insurance Agents' Association, B. Russell Ker was elected to the office at the annual meeting of the organization held yesterday afternoon in the board room of Belmont House.

Fred W. Waller was elected vice-president and Francis F. Patt was re-elected secretary-treasurer. The executive will be composed of Stewart Clark, Samuel Clegg, T. O. Mackay, D. W. Campbell and Alderman John L. Mara. Frank Holston was named auditor.

At the annual dinner of the association to-morrow night at the Colwood Golf and Country Club the officers will be formally installed. Visitors from Nanaimo, Vancouver and other points will be present.

Prior to the dinner the annual golf competition for the R. S. Day and Son Challenge Cup will take place on the Colwood links.

SAV UNIFICATION

In his presidential report, Mr. Brown reviewed activities of his year of office and spoke of the amalgamation of the fire and automobile insurance boards.

The fire prevention campaign, in which was featured Fire Prevention Week, and an educational programme among children, with an essay competition to keep up their interest in the subject, was fruitful, Mr. Brown said. It had taught them something of the menace of fire to the prosperity of a community and to a nation.

Declaring that a logging pool was essential before the industry could have economical and ample insurance coverage, Mr. Brown said that he was sorry that the efforts of the association to organize the companies had not yet been availing.

The president recalled the aid Victoria had given to Nanaimo in the organization of a fire insurance branch in the northern city. In this work Vancouver co-operated wholeheartedly, he said.

The association had endorsed the action of the superintendent of insurance in his attempt to do away with the part-time agent in the larger cities and towns of British Columbia, said the president. This proposal affected only life insurance men. The Legislature, however, refused to pass the bill.

In the absence of B. R. Ker from his seat on the board, R. E. Brett was asked to fill the vacancy. He did so, and gave the board the benefit of his advice and experience, said the president.

THANKS OFFICERS

Mr. Brown thanked officers of the association of the past year for their loyal and continued support. Particularly he wished to thank Mr. Patt, the secretary-treasurer. His assistance was never-failing, he said. Mr. Patt has been in his present office for eight terms.

Mr. Patt gave his report to the meeting, tracing the progress of the association during the last year. Mr. Patt thanked the B. C. Insurance Under-

A vote of thanks to retiring officers was passed.

AT THE THEATRES

**"LIGHTNING" IS
ZANE GREY STORY
AT THE COLUMBIA**

Jobyna Ralston, who plays one of the leading roles in the Tiffany production of the pictureization of the Zane Grey story "Lightning," now showing at the Columbia Theatre, was nearly blinded from the effects of a sandstorm in which she and Margaret Livingston, another featured member of the cast, were caught in while on location making desert scenes for the picture. The other members of the company including the two young ladies and Robert Fraser and Quinn Williams had been on the Mojave Desert several weeks when a real sandstorm blew up and the director took advantage of it. The sharp stinging sand soon had the young ladies in difficulty. Some of the fine particles entering Miss Ralston's eyes caused a temporary blindness necessitating her being under treatment for several weeks before she could again resume her role in the picture. Miss Livingston was more fortunate as she was able to cover her eyes with a veil before any damage was done.

**THREE MOVIE "FINDS"
APPEAR TOGETHER IN
BILLIE DOVE FEATURE**

Three of First National's newest "discoveries" appear on the screen together in "American Beauty," the latest picture starring Billie Dove which is at the Variety Theatre to-day.

The new "finds" are Yola d'Avril, Alice White and Loretta Young, and their entry into films is unusual and interesting.

Miss White for several years was a script clerk on numerous movie sets before her cinematic personality was discovered. A leading part in First National's "The Sea Tiger," with Milton Sills won her a contract.

Loretta Young, youthful dancing student, played extra in "Naughty But Nice" during summer vacation. Colleen Moore, star of the picture, saw her recognized the value of her fresh beauty and naive personality and brought her to the attention of studio officials.

Miss d'Avril, also a dancer, and a native of France, worked as an extra

girl and did small bits in two-reel comedies for more than a year. She was chosen to play a bit in a First National picture and performed so capably that she too was offered an extended contract.

**EPIC STORY OF
AUTOMOBILE AT
PLAYHOUSE NOW**

"The First Auto," Warner Bros. romance of the last horse and the first horseless carriage, features Barney Oldfield and Patsy Ruth Miller and includes in the cast Russell Simpson, Frank Campeau, William Demarest, Douglas Gerrard, Paul Kruger, Gibson Gowland and E. H. Calvert. Roy Del Ruth directed.

The piece is exciting, human and uproariously funny. One of the New York reviewers speaks of it as the epic of the automobile, being to the latter what "The Iron Horse" was to railroads and "The Covered Wagon" to the West. "The First Auto" is now at the Playhouse Theatre.

**CROOK WARFARE
FEATURES FILM
AT DOMINION**

Machine guns, rifles and bombs furnished the orchestral accompaniment for the filming of "The Drag Net," George Bancroft's latest starring vehicle for Paramount now showing at the Dominion Theatre.

The picture is a melodrama of warfare between police and an organized gang of hi-jackers and murderers. George Bancroft, the unforgettable "Bull Weed" of "Underworld," portrays the role of a chief of detectives who attempts to clean out the gang. Josef von Sternberg, who also directed "Underworld" directed this production.

While the film unit producing the picture was furnished a quota of musicians usual to a motion picture set, their efforts were drowned out by the staccato rattle of machine guns and the sharp bark of rifles and revolvers. According to the director von Sternberg, the purpose of the drama is to bring before the American public an authentic account of the part that defenders of law encounter in their constant battle against the forces of the underworld.

(Adv.)

storm, however, increased the volume of the stream to such an extent that it swept bridges, trees, automobiles and everything in its path on its mad dash to the bay.

The water rose with such rapidity that when lunch time came six inches of water surrounded the set. Standing on a raised platform, the cast and crew, however, made the best of the river bed to rescue the cast and workmen from the rushing torrent.

Those in the unique "ark" were safely rescued. The play, the leading role, Kenneth Harlan, Sylvia Ashton, Melville Turner, Gordon, Edna, Graham, Willis, Connolly, E. A. Batching, John Littlefield and George Gravina.

The stage attractions at the Capitol Theatre include Morris and Wilma, national Argentine and acrobatic dancers, Ed Merritt, the well-known banjoist, and Wilma Brown, lyric soprano, Harold Bechtel, the singing M.C., and the Capitol Concert Orchestra will complete the vaudeville bill which will be presented twice daily.

**Famous Comedy
Figure Coming
For Long Tour**

George Robey, C.B.E., known as The Prime Minister of Mirth, and one of the most famous comedians of modern times, will open the coming season for All-Canada Tours with his new revue "Bits and Pieces," now running at the Princess Theatre in London. Robey is known throughout the British Empire as the greatest singing comedian of to-day, and alike in vaudeville, in pantomime, and in musical comedy, and he enjoys a reputation equaled by no other British artist.

"Bits and Pieces" is his most successful revue to date, and was designed with this Canadian tour in view. But he will bring a second revue complete with him, and will only play the first across Canada, returning with an entirely new production. Each city will thus have an opportunity of seeing him in two different entertainments. Robey will open his Canadian tour, his first visit to this Dominion, at His Majesty's Theatre in Montreal on September 3.

To complete the All-Canada tour attractions, Bransford Williams, the noted Dickensian actor, will arrive on January 7, 1929, and will open a Canadian tour in an entirely new repertoire, comprising several plays never before produced in Canada, at His Majesty's Theatre, remaining there for one week prior to his departure for the West Coast.

Further details of repertoires, dates and artists will be made in due course.

follow on the heels of George Robey and his company, opening a short season of three weeks at His Majesty's Theatre on September 17. With the object of introducing more of the works of the world's most famous music and comedy collaborators to Canada, the management have prepared five new operas.

The repertoire for presentation will include "Iolanthe," "Patience," "Rudigore" and "The Pirates of Penzance" with "The Trial by Jury." They will also repeat "The Mikado." Nearly all the artists who won such great popularity throughout the Dominion last year are returning this year, save one or two who have since married and left the organization, and in addition there will be several new principals for the secondary leading roles. Taken as a whole, this company will be the strongest that has been assembled under the D'Oyly Carte banner for many years.
